CHEEVERSTOWN SCHOOL NEWSLETTER 2026

Our News

Dear Parents and Guardians,

We had an action packed April! Food Dudes returned to the school giving the children an opportunity to try a different fruit and vegetable every day for a week. We also had another visit from Róisín from Creative Schools who joined us in our planting extravaganza! The children had a ball and it linked beautifully with our Food Dudes week. Also, in association with Creative Schools we were visited by 'Up In The Clouds' <https://www.annanewell.ie/work/up-in-the-clouds/> a travelling multisensory show designed specifically for children/young people with complex needs. It was a magical experience for the children who attended and we would love to welcome them back again....fingers crossed!

Our weekly sensory assemblies continue to be a huge success, staff and children love coming together to share stories based on our monthly themes.

Important information

The school is expected to be undergoing some building work during the summer and as a result we will not be able to provide the school based July Summer Programme this year.

We will provide details of Home Based provision when it is released by the department

Dates to Remember
